

2025 FSPHP Board of Directors Candidates Statement of Interest

Name: Joseph Jordan, PhD

Title: CEO

Organization: North Carolina Professionals Health Program

Board Position on the 2025-2027 Ballot: Southeast Region Director

Why do you have an interest in serving on the FSPHP Board of Directors as a Board member or officer?

I currently serve on the BOD and would like to continue the work I am involved in as a Board member. Specifically, Chair of the ETA Committee and member of the Finance Committee. I am also Chair of the Ethics Committee and look forward to continued service on the Exec. Committee of the Board.

What is your vision for the next 2-3 years for the organization? (Please include any thoughts on objectives for accountability, consistency, and excellence measures, as well as funding initiatives.)

I would like the organization to continue its expansion plans and bring additional professions under the umbrella of the FSPHP. This will provide for a unified vision and purpose for professional monitoring organizations and decrease the possibility of negative impressions of professional monitoring organizations. It is vital that we all subscribe to similar standards of operation, otherwise we are vulnerable to external attacks to the validity of our model. In short, we need to consolidate our standards of practice for professional monitoring organizations and the providers of treatment and assessment services. The ETA and PEER process are vital to this and can also provide much needed funding to the organization, provided we use sound financial practices in the application of these credentials.

What skills do you bring to the organization?

Financial responsibility; a willingness to ask difficult but necessary questions, and a spirit of can-do.
